

Corrections

1. "*Greater German Empire*" should be "*Greater German Realm*"
2. "*National Government*" should be "*Realm's Commissariat for the Occupied Norwegian Territories*".
3. "*Commissariat of The Netherlands*" should be "*Realm's Commissariat for the Dutch Territories*".
4. "*Commissariat of the Eastlands*" should be "*Realm's Commissariat of Eastland*".
5. The Commissariat of Eastland itself was a sub-division of "*Realm's Ministry for the Occupied Eastern Territories*". I'm unsure if Eastland should technically be named that.
6. The independence of the "*Independent State of Croatia*" is debatable at best, but I think it should probably be a different color to signify not being directly administered by German officials.

Notes

1. The Commissariat of Norway was co-ruled by a native regime called "*Nation Government*", however the Commissariat held de-facto total control over all administration.
2. Inside Eastland there is a subdivision called "*General District White Ruthenia*", White Ruthenia was co-ruled by a native regime called "*Belarusian Central Council*". Is that worthy of putting on the map (no), I'll let you decide.
3. "*Territory of the Military Commander in Serbia*" was co-ruled by a native regime called "*Government of National Salvation*", however the Military Commander held de-facto total control over all administration.
